

Our goal for this project is \$1,600,000.00. To accomplish this goal and complete this project, we are pursuing a program to secure fund from the public, private and fire service sector. Initiatives have already be implement to secure funding from both the private and public sector throughout Schuylkill County and we are appealing now to the fire service sector to the raise funds to complete this project. With a concerted effort by the fire service in Schuylkill County, it is feasible to raise approximately one-third of the cost of the project, or \$500,000.00, to construct the new state-of-the-art burn building. We are trying to make this a true public-private-fire service partnership.

We are asking that your membership consider a contribution towards the completion of this endeavor. Contributions can be done is several manners such as a one-time gift or pledge. If you would choose the pledge the payments can be spread out over a period not to exceed five years. Pledge payments can be done on a monthly, quarterly, semi-annual or annual basis. A sample pledge payment schedule is below. All gifts to complete this project will I be recognized.

Fire Service Pledge Form

Pledge Amount	Annual	Semi-Annual	Quarterly	Monthly
\$ 5,000	\$ 1,000	\$ 500	\$ 250	\$ 84
\$ 2,500	\$ 500	\$ 250	\$ 125	\$ 42
\$ 1,000	\$ 200	\$ 100	\$ 25	\$ 17
